

Mother Seton Given Title Of "Blessed"

VATICAN CITY (AP)—Mother Elizabeth Ann Bayley Seton has become the first native-born American beatified by the Roman Catholic Church, bringing her to the doorstep of sainthood.

Watching the joyous ceremony in St. Peter's Basilica Sunday was Anne Therese O'Neill, 15, of Baltimore, whose cure from leukemia (blood cancer) was attributed to the miraculous intercession of the 19th-century nun.

The Maryland teenager, who snapped the climax of the morning rites with a tiny camera, finished her day by kissing the ring of Pope John XXIII, who came later in the evening for the first public veneration of Mother Seton.

FIRST FROM U.S.

"Elizabeth Seton is the first officially recognized flower of sanctity which the United States of America offers to the world," the 81-year-old pontiff told 6,000 persons at the twilight service.

"It is a source of satisfaction to us to pay such a tribute to that illustrious nation, as an augury for further advance in spiritual progress. For the first time there has appeared in glory above the altar of the chair of St. Peter a heroine of the United States of America."

Fr. Francis Cardinal Spellman, archbishop of New York, translated the Pope's Italian words into English. Joseph Elmer Cardinal Ritter, archbishop of St. Louis, knelt to listen.

APOSTOLIC BRIEF

The apostolic brief whereby Pope John proclaimed the beatification contained the following words:

"Wherefore, according to the petitions of the Sisters of Charity founded by her, and of the Catholic people of the United States of America, by virtue of the letters and by our apostolic authority, we grant permission for the venerable servant of God, of blessed, for her body and her relics, while not to be the objects of solemn

This club has nominated Postmaster Charles Pentz of Gettysburg as its candidate for the national Postmaster Award.

Pope Escapes Injury In Fall On Throne Today

VATICAN CITY (AP)—Pope John XXIII tripped and fell today as he was mounting his throne for a series of audiences. He was unharmed.

The 81-year-old Roman Catholic pontiff slipped on the seventh step of the eight-step throne. He fell somewhat to one side, breaking his fall by thrusting out his hands.

As the Pope landed on the top step of the throne, he rolled over on his back. Aides helped him to his feet as priests in the audience room of Clementine Hall cheered. The Pope proceeded with the audience as if nothing had happened.

Officials said the fall was an accident and had nothing to do with his physical condition.

The Pope was seriously ill last November with a stomach disorder and anemia. But his physicians gave him a routine check-up last weekend and found his condition good.

The first audience was for members of the Pontifical Institute of Foreign Missionaries. Later he held an audience for a group of

Lenten Thought For Today

The period of 40 days before Easter called Lent provides a rare opportunity for anyone who would know the significance of Christ's life and suffering, and His eventual triumph over death, and what that can mean for us. Why was it necessary? What was accomplished by it? These and similar inquiries can well claim the attention of every person seriously desiring a satisfactory philosophy of life, something to live by and for.

These questions cannot permanently be avoided. They must be faced sooner or later, and an answer be found that will command itself to us. If we would seek that answer, we must begin by re-examining the experiences through which He passed and try to see what they meant to Him. St. Paul calls this "the fellowship of His sufferings." Will you take this first step on a Lenten pilgrimage? It can be most rewarding.

LAUDS VIRGINIA ON CENTENNIAL

Chester S. Shriver, R. 6, national commander of the Sons of Union Veterans, was quoted Sunday by the Associated Press from Richmond, Va., as stating that Virginia is conducting the best Civil War Centennial observance of any other state.

The Associated Press story quoted Shriver as saying: "Virginia is way out in front in properly observing the centennial, not only because the state has more to offer in the number of centennial sites, but also because Virginia got the jump on the other states in preparing for the observance."

Shriver was quoted at Richmond during a tour in which he placed a 50-star flag Saturday afternoon on behalf of the SUV at the Fort Monroe Museum. Mrs. Anna Stoudt, Reading, national commander of the Auxiliary of the SUV, also presented a 50-star flag from her organization. The two flags replace 48-star flags previously placed by the organizations at the museum some years ago.

"THE RIGHT WAY"

There's no other way but the right way . . . all other ways are wrong . . . a person's aim has to be true . . . or he will miss the going . . . yet many are the people . . . who practice slipping by . . . looking for the shortcuts . . . devoted to the lie . . . many of them get ahead . . . or so at least it seems . . . but when the final curtain falls . . . they end with broken dreams . . . of course, the right way can be long . . . many times it's rough . . . but great is the reward for those . . . who persevere enough . . . so go your way in righteousness . . . and to yourself be true . . . there is no way but the right way . . . the choice is up to you.

CHARGE TRIO IN STOCK THEFT

MERCER, Pa. (AP)—Warrants have been issued here for three men implicated in the \$70,000 theft of stock certificates and cash in nearby Sharon.

A fourth man named in the theft was arrested Saturday in Harrisburg.

Authorities said they are seeking William R. Ross of Waynesboro, Va.; Edgar Creitzer of Lyndhurst, Va., and William J. Fisher of Paramount, Calif. State police Capt. Richard Gray said all three formerly lived in Harrisburg.

Karl R. Sheetz, 34, of Harrisburg was released on \$5,000 bail following his arrest. He was ordered held for the next term of Mercer County Court.

Police chief Earl Holby of Sharon said John P. Conner, formerly of Harrisburg, admitted the theft last week and implicated the other four. Conner is serving a two-to-four-year term in the Federal Penitentiary at Lewisburg.

Some \$60,000 in certificates and about \$10,000 in cash were taken from the home of Samuel Wilkes 93, and his brother, John, 79, Dec. 12, 1961. Sharon police said the certificates were found in the possession of Conner's wife in Reading.

New Motorcycles For SP Use Here

Pennsylvania's new state police commissioner, E. Wilson Purdy, has learned that, because of such matters as the observance of Gettysburg's Battle Anniversary this summer, the state police have secured eight new red motorcycles.

News reports from Harrisburg indicated that when the reports of the auditor general's office showed purchase of eight motorcycles for \$12,583.93 from a Harrisburg concern Purdy told reporters he knew nothing about them. He added, "I didn't know the state police used motorcycles anymore."

At first he joined speculation that the cycles, ordered by former Commissioner Frank G. McCartney, were to be used by the state police rodeo team.

Then Lt. George W. Pinkerton of the Bureau of Traffic solved the problem of the motorcycles: "They are intended," he told the commissioner, "for traffic duty in congested areas during the summer months, particularly in the Gettysburg area where we expect a record crop of tourists this year. They'll also be used for escort purposes."

WALLET IS STOLEN

Ann McKinley, 60, E. Middle St. reported to borough police that her wallet with about 40 cents in change containing cards was stolen from the front seat of her car while it was parked in the A&P parking lot Saturday evening.

New First Graders' Registration Set

McSHERYSTOWN — Registration for new pupils who will enter the first grade next term will be held Saturday in the Annunciation of the Blessed Virgin Mary School. If the child was not baptized in this parish a baptismal certificate must be supplied from the place of baptism. No child may register unless he will be six years old by Jan. 31.

Representatives of the Pennsylvania Association for the Blind will be present to examine the children's eyes if parents want this service.

GIVE STATUS OF MAJOR BILLS AT HARRISBURG

HARRISBURG (AP) — Here is the status of major legislation before the 1963 General Assembly:

In hands of governor—\$4 million PIDA appropriation.

Passed House, in Senate committee—Miners at the Robena coal mine complex want Gov. Scranton to comply with recommendations made in a report on the explosion that killed 37 men last Dec. 6 near Carmichaels.

"Our local feels the governor is trying to turn the Robena probe into a whitewash," said President John Ozanich of United Mine Workers Local 6321 Saturday following a special meeting of local members.

The men voted unanimously to send telegrams to Scranton, Dr. Beecher Charnbury, state secretary of mines, and Dist. Atty. Glenn Tothman of Greene County, demanding their compliance with the report.

The telegram read in part: "The Robena local is 100 percent behind former secretary of mines Lewis Evans in regard to recommendation for criminal prosecution of the three Robena mine officials."

In appropriations committee—House: raise state aid on state-owned land.

In House committee—eliminate patronage on insurance commissions, anthracite strip mining controls, discretionary Biddle reading, transit strike ban, mandatory auto seat belts, repeal radar, outlaw speed traps, restricted drivers' licenses, require state police cars to be marked, legal bingo, lobbyist registration.

In Senate committees—abolish athletic commission, tourist promotion subsidy.

Separate bills in committees in each chamber—repeal school reorganization, repeal prevailing wage act, boating regulations, Sunday liquor sales, abolish Milk Control Commission, raise school subsidies, increase teacher pay.

and other commodities.

The five visiting presidents held a three-hour conference with Ordlich Sunday. No formal statement was issued, but President Ramon M. Villeda Morales of Honduras said they discussed only economic matters.

"There was absolute agreement among all the presidents," he said.

CANT SIDESTEP CUBA

It appeared doubtful that Kennedy would be able to sidestep the Cuban problem altogether.

The president-elect of Nicaragua, Rene Schick, told a news conference that the Cuban issue should be settled as soon as possible through regional action under the inter-American system.

The chairman of the Organization of American States, Gonzalo J. Facio of Costa Rica, predicted in Washington Sunday that the conference would forge a joint policy to topple communism in Cuba.

Prime Minister Castro derided the San Jose conference.

"The imperialists know they are sitting on a volcano all over the Americas" he said over Havana

At least three autos were involved in collisions with deer on Sunday.

Cumberland Twp. Policeman Bernard V. Miller Sr. was called Sunday afternoon at 2 o'clock when two cars struck three deer of a herd crossing the Littlestown Rd. near the swimming pool.

Officer Miller said Ernest Reaver, Littlestown, and Paul LeRoy Gelsinger, Baltimore, were driving toward Gettysburg when the herd came out onto the roadway.

Before they could serve or stop their vehicles three of the animals had been hit. Two were killed outright, the other was injured but continued running and disappeared. Officer Miller estimated damage to the two cars at \$300.

Game protectors summoned by the officers said they had just come from the Sunshine Trail near Fountaindale where a car had been badly damaged when it struck a deer and the animal's body was thrown against the windshield of the auto.

Accompanying Kennedy to the conference were Secretary of State Dean Rusk, Assistant Secretary Edwin M. Martin, specialist in inter-American affairs; Tedoro Moscoso, U.S. coordinator for the Alliance for Progress, and Sens. J. W. Fulbright, D-Ark., Bourke B. Hickenlooper, R-Iowa, and Wayne Morse, D-Ore., and Reps. Thomas E. Morgan, D-Pa., William S. Mailliard, R-Calif., and Armistead I. Selden Jr., D-Ala.

Long Beach, Calif. (AP)—A missionary group that set out in a homemade boat to help Haiti's poor has abandoned its leaking ship off Mexico—but not the project, a spokesman says.

If the good ship Crusader sank

—and authorities were having trouble confirming it did—the missionaries planned building another.

"We're not just talking about it," said a determined Jerry Smith, 21. "We're going to do it."

FORMER CUBA PRISONERS TELL OF REDS

MIAMI, Fla. (AP)—Two American women, the first of more than 20 American prisoners expected to be freed from Cuban jails within six weeks, claim that while in prison they heard Russians test-firing missiles.

"I don't think they could be small ones," one woman said. "They shook the prison bars in our hands."

The women were released unexpectedly Sunday, "with no strings attached," according to James Donovan, the New York lawyer who negotiated their freedom.

Out Of The Past

From the Files of the

The Gettysburg Times

ONE HUNDRED YEARS AGO

The Rev. William Earnshaw,
formerly Pastor of the M. E.
Church of this place, who, it was
said, had been appointed a Col-
onel in the Army, is not so, but is
resident Chaplain of the Army at
Nashville, Tennessee.Henry Davis has issued a
proclamation named Friday,
March 27, as a day of fasting and
prayer through the rebel dominions.Hon. Edward McPherson: We
had intended to give a tribute to
this gentleman, on his retirement
from his Congressional duty,
which he so richly deserves for
his talent and industry; but we
find to our hand, in the last Bed-
ford Inquirer, an article which
so fully expresses our sentiments,
that we adopt it as our own. The
Inquirer says: This gentleman's
term of office expired on the 3rd
of this month and we part with
him in his official capacity with
a thousand regrets. Years may
roll away in the onward roll of
time before we may secure the
services of one in that position
from this district who will serve
us so ably, so promptly, so ener-
getically, and so constantly as
he has done. Whatever may be
his sphere of action hereafter, he
can look back with pride, and say
in the honesty of his heart: 'I
have served my constituents
faithfully,' yea, honestly and
manly. For four years has he
represented us, and no citizen in
this district can say that he has
ever approached McPherson with
the intention of asking his as-
sistance of availing himself of
his advice, but it has been most
promptly given in a manner that
would satisfy the most prejudiced
mind that his sole object was to
represent his constituents as a
faithful public servant should
ever regard and attend to the
interests of his constituency. Few
men have entered the halls of
Congress and left their mark so
indelibly impressed upon the wis-
dom and greatness of the nation
in the short space of four years,
as has our late member. Talents,
constant application, and true,
genuine moral worth alone have
ever succeeded in elevating and
making men great in the United
States, and these qualifications
are markedly prominent in Hon.
Edward McPherson. We expect
that the powers that be have too
high an appreciation of his merits
to allow him to go into retire-
ment."A Company Of Cherokees:
Major Thomas, of the Confederate
States Army, East Tennessee,
has in his command a full company
of Cherokee Indians from the
Indian settlement of North
Carolina. They make fine sol-
diers, obey orders promptly,
make the best scouts in the world,
have committed no depredations
upon citizens, are perfectly order-
ly and docile, and have done
much to sweep that modern Sod-
om of its Abolition, Bushwackers
and assassins. (This confirms the
statement of massacres of Union
men by Indians.)

SEVENTY-FIVE YEARS AGO

Adams County Historical So-
ciety: At an informal meeting of
citizens recently held, it was
deemed advisable to undertake
the organization of a Historical
Society in this county, to include
the civil, political, military and
general history of the county and
the neighborhood. Materials for
most important recent history
are all around us, which ought to
be preserved. Materials of more
remote history are naturally fading
away and a concerted effort
should be made to recover and
preserve them. This committee has
issued invitations for a meeting
for the purpose of adopting a
Constitution and of organizing
a Society if it should be voted,
to be held in the Arbitration
Room of the Court House in the
afternoon of March 24, at 1
o'clock. It is hoped that this mat-

Today's Talk

ON FINDING FAULT

It is an easy thing to find fault
with people, or with a piece of
work and unless you can better
that person, or the thing that
that person has done, it is best
to remain silent.The good in people far out-
weighs the bad, or the imperfect,
and it is easier to recognize
praise and encouragement are
always in order — and what a
vast amount of good a little
praise does anyway!No good purpose is ever served by
continually trying to tear
down what another has sincerely
tried to build. Constructive criti-
cism is good, but there are those
who seem to take pleasure in
looking for the flaws in a person
or work, the moment of contact.There was a certain literary
critic whom I deeply loved and
admired, for he rarely tore a
thing to pieces. He took great
pleasure in praising the work of
both newcomers and those who
had long arrived. He would rather
encourage and inspire than cause
a hurt! Time judges, and from
that decision there is no appeal.We are all frail creatures to
some extent. We need all the en-
couragement that we can get —
often more than we really
deserve. But it is better to err in
praising too much than in too
little.William Muldoon, who died in
the early thirties, was a mar-
velous example of self-discipline,
and he was often considered a
hard master when it came to
treating the bodies of others at
his health resort, but he said one
thing that always stayed with me:
"It is surprising," he said, "how
the body responds to a little
kindness."Everybody responds to a little
kindness. It often lights up an
entire life, giving it a new and
happy course.If you have to find fault, find
fault with yourself and try to cor-
rect, both your manner of thought
and your attitude toward life!Tomorrow's subject: "The

'ROCK' OPENED
FOR TOURISTS

By HUBERT J. ERB

SAN FRANCISCO (AP) — Pic-
ture, if you can, sightseeing boats
running to and from Alcatraz Is-
land every hour on the hour.Imagine tourists crawling all
over "The Rock," ohing and ah-
ing at such information as, "And
here, ladies and gentlemen, is
where Al Capone slept in isolation."The glowering rock in San Fran-
cisco bay has a history, mostly
grim, that dates back to 1854. For
the past 29 years it has been the
nation's toughest prison, the tan-
talizing lockup for gangland's
most hardened criminals, but by
1971 it will be closed and aban-
doned.

DESERTED CRAG

What to do with it is a topic of
great speculation. If something
isn't done soon the 20-acre island
could become a deserted crag,
crowned by decayed buildings and
an automatic light house. The pel-
icans for which it was named could
take over again.Leaving Alcatraz for the birds,
however, has no place in the
imagination of Mayor George
Christopher of San Francisco. He
has asked California's congress-
ional delegation to introduce a
bill for a special study commis-
sion on Alcatraz' future.It is his idea to send tourists to
the boatload from Fisherman's
Wharf, just a mile and a quarter
away."I believe hundreds of thou-
sands of people would pay a dol-
lar apiece to see the prison as it
was, to rub elbows with the
ghosts of Capone, Machine Gun
Kelly and all the others," the
mayor said."Then, after interest died down,
I would want to see something
truly magnificent put there, a
huge statue like New York's Sta-
ture of Liberty big enough so you
could climb right into the fin-
gers."The Justice Department deci-
sion to abandon Alcatraz Prison
followed two sensational breaks
last year, although the connection
is not acknowledged.James V. Bennett, director of the
Federal Bureau of Prisons, told
Congress that Alcatraz would
have to be rebuilt or replaced. An
estimate that renovation would
cost about \$5 million brought the
announcement that Alcatraz would
be "phased out" in 1963.A break by three daring bank
robbers brought matters to a
head.Frank Morris and brothers John
and Clarence Anglin made for
shore the night of June 11-12, 1962,
equipped with prison-made raft,
paddles and water wings. It de-
veloped they had chipped through
decaying concrete with spoons, set-
up a workshop atop their cell-
block, and roamed in and out at
night, probably for months.They are presumed officially to
have drowned, but their exploits
underlined what Bennett himself
called Alcatraz' rundown and eroded
condition.Then last December John Paul
Scott and Darl Dee Parker, two
more bank robbers, finished what
Morris and the Anglins had
started.They were presumed officially to
have drowned, but their exploits
underlined what Bennett himself
called Alcatraz' rundown and eroded
condition.

Dinah Shore's Sunday Show

AP Television-Radio Writer

NEW YORK (AP) — Printers

have voted to continue their news-
paper strike here, dimming hopes

of getting eight major dailies

back on the streets this week.

By a margin of 64 ballots—

1,621-1,557—union printers voted

Sunday to reject a contract set-
tlement proposed by Mayor Rob-
ert F. Wagner and approved by

publisher and union negotiators

March 8.

The strike by Local 6 of the

International Typographical Union

began last Dec. 8-101 days ago

against four newspapers. Five

other major dailies closed volun-
tarily at the same time, but one, the

Post, resumed publication

March 4.

Publishers' representatives ex-
pressed regret at the printers' rejec-
tion of the proposed settlement.

The vote raised the possibility

that the ITU Executive Council

might submit the proposed set-
tlement to a referendum of theentire membership of Local 6, in-
cluding some 6,000 commercialprinters and the 3,000-odd news-
paper printers.

Two large units of the New

York Newspaper Guild voted Sun-
day to extend their current con-
tracts, as the printers had deman-
ded, so that the pacts would expire

simultaneously with those of

nine newspaper craft unions.

The color of television over the

weekend was, naturally, a bright
shade of green. Even NBC's Sun-
day afternoon golf show was

filmed on a sea-and-wind-swept

lawn of auld sod. Seen in color,

this was perhaps the most hand-
some program of the weekend to a
winter-weary viewer.

DUNCAN TELLS ATHLETES TO HAVE COURAGE

Over 150 Littlestown High School varsity athletes, their fathers and guests were entertained by the Littlestown Fraternal Order of Eagles and Veterans of Foreign Wars posts at a banquet Saturday night at St. Aloysius hall, Littlestown.

The sports-minded group was addressed by a former Gettysburg Times newsmen and former president of the Philadelphia Sportswriter's Association, C. William Duncan, now a reporter for the Camden, N.J., Courier and Philadelphia TV sportscaster.

Duncan, who has covered sports for 47 years as a newspaperman, talked on "Personalities in Sport." He related amusing antidotes of such great sports figures as Dizzi Dean, Duke Snyder, Robin Roberts, Stan Musial, Vern Law, Jack Sanford, Warren Spahn and Adams County's own Willie Sherdel who pitched for the St. Louis Cardinals in the 20s, was a special guest at the banquet.

Duncan told the Littlestown athletes that one of the "most important attributes in sports and in life is courage." He said, "If you have the courage to get the most out of your ability, you will have done your best and will be a success."

LAUDS SHERDEL

The Gettysburg College graduate indicated the importance of courage in speaking about Sherdel. Duncan said the former major league pitcher, through his courage, "made more out of his natural talent than any other he'd seen in 54 years of observing sports."

Duncan also told the assemblage that no one can "fail his fellow man and win sports or life."

GROWN MEN CRIED

In concluding, Duncan said the youths would find no "finer experience in their life than your participation in sports."

Prior to Duncan's address, Littlestown Athletic Director Jack Bream introduced Football Coach Bill Heyser, Wrestling Coach Tom Shreiner, Track Coach Gordon Warner and Baseball Coach Don Feeser who each discussed their successes during the past seasons.

The coaches introduced 13 seniors who were completing their final year at Littlestown High. They were Phil Close, Dale Bair, Jeff Breighner, Ted Bortner, Dick Motter, Doug Gitt, Dwight Strevig, Bill Woodward, Frank Basehore, Bud Ecker, Fred Snyder, Ron Smith and Tom Shildt.

Other special guests included Wilbur Mackley, Littlestown school board president; Paul King, supervising joint school principal; Frank Basehore, high school principal, and Henry T. Bream, Gettysburg College athletic director.

LOS ANGELES BOXING SHOW IS RAINED OUT

LOS ANGELES (AP)—Six fighters who thought they'd have already decided three championships were back in training today as promoters hoped to recoup a \$100,000 rain loss by rescheduling their triple header on Thursday.

Driving rain Saturday night forced postponement of the first boxing show ever slated for Dodger Stadium but it wasn't until 30 minutes before the first bout that the card was called off.

Emile Griffith of New York was slated to defend his welterweight championship against Luis Rodriguez, the Cuban ex-patriate who now calls Miami, Fla., his home.

TO TRY 'YURKEY

Featherweight king Davey Moore had his title on the line against Sugar Ramos, another ex-Cuban now living in Mexico City, while Raymundo (Battling) Torres of Reynosa, Mexico, and Roberto Cruz of the Philippines were to fight for the vacant junior welterweight crown.

After consulting weather reports that called for showers today, promoters George Parnassus and Cal Eaton decided on Thursday night starting at 8 p.m. PST again in Dodger Stadium.

This time there will be no television and this cost the promoters \$70,000, the exact purse guaranteed Griffith to defend his 147-pound championship.

M-A Conference Will Meet Here

The annual Middle Atlantic Conference meetings will be held at Gettysburg College Tuesday.

The morning sessions will be devoted to registration and the winter sports clinics and meetings. Following luncheon at 12:30 o'clock, the fall and spring sports clinics and meetings will be held as well as session for the athletic trainers and sports information directors.

The annual meeting of the conference at 7:30 p.m. will conclude the full day program.

Local Dogs Place High At Shows

Adams County dogs, all of which were handled by Jean Goshorn, Springs Ave. Extd., placed high the Harrisburg Kennel Show Saturday and at the show in Washington, D.C., Sunday.

"Hickory Flat's Grand Emperor," a seven-month-old puppy owned by Annie T. Mosser, New Oxford R. 2, placed fourth among 108 entries in the Collie specialty at Harrisburg. A German Shepherd "Der Richter," owned by Edward Craun, R. 3, was second in the novice class.

At Washington "Hickory Flat's Golden Empress," owned by Annie Mosser, took fourth place among the 101 puppy bitches in the Collie specialty. "Kiki Ben Ron," bred by Elizabeth Catchings, Bigerville R. 1, was selected as the best of breed schipperke.

Miss Goshorn also handled "Ilse V. Hunt," owned by Janice Kehler, Wrightsville, which won the best of breed Hungarian Vizsla at both shows.

TRIBUTE FOR BOB COUSY AT FINAL GAME

By BOB HOOBING

Associated Press Sports Writer

BOSTON (AP)—Bob Cousy sat pale and weary on the trainer's table long after the most thrilling, emotion-draining experience of his 34 years.

"The worst is over now," Cousy said Sunday after the monumental Boston farewell to the all-time great who is ending an unparalleled 13-season National Basketball Association career. "The playoffs will be nothing."

In a moving prelude to retirement, the unshakeable athlete, always steadiest in the clutch, was wracked with sobs.

GROWN MEN CRIED

He was not alone. Many a grown man cried.

Few saw the final minutes of a game in which Boston defeated Syracuse 125-116.

Celtics coach Red Auerbach, who gave Cousy a tearful hug before a standing room Boston Garden crowd and a regional television audience, reflected in the dressing room: "I've never seen anything like this as a tribute to an athlete."

DREADED MOMENT

Cousy admitted he had dreaded the moment of this final game in his last season. "How do you say thank you?" he had asked.

For an hour he received accolades, gifts, and a message from President Kennedy while he wiped his eyes, wrung his hands, bowed his head, shuffled his feet and waved to the crowd during the many ear-splitting ovations.

President Kennedy's message, read by Auerbach during the pre-game ceremonies, said Cousy's "record is an eloquent testimony to your ability as a basketball player. I know you will set the some high standards as a coach that you have as a player. It is a pleasure for me to join the sports world in this tribute to you."

Oh, yes, the game. Cousy scored eight points, passing the 1,000 point mark for the fifth consecutive season, and he had nine assists.

Toronto's Lead In NHL Widened

By THE ASSOCIATED PRESS

The fast-finishing Toronto Maple Leafs were in the driver's seat today as the National Hockey League entered its final week of regular season play.

The Leafs, unbeaten in their last nine games, pulled away to a three-point lead over the weekend. Toronto blanked Chicago 3-0 Saturday night, dropping the Black Hawks out of first place, and then edged the New York Rangers 2-1 Sunday night while Chicago was losing to the Detroit Red Wings 4-2.

In Sunday's other game, the third-place Montreal Canadiens played a 2-2 tie with the Boston Bruins. The Canadiens whipped Detroit 5-3 in the only other game Saturday night.

As a result of the weekend activity, Chicago fell to second, just one point ahead of Montreal. The Canadiens, who have won five straight league titles, trail Toronto by four points. All three teams have three games remaining.

20-YEAR-OLD WINS \$3,500 AT ST. PETE

ST. PETERSBURG, Fla. (AP)—

Young Raymond Floyd went from rags to riches in 27 strokes of his golf clubs.

In four months on the professional circuit, he hadn't won a dollar. And then Sunday, with stroke No. 274—a tiny tap to knock in a ball caught on the lip of the 18th hole—he won \$3,500.

The tag gave the 20-year-old from Fayetteville, N.C., a one-stroke victory over Dave Marr of New Rochelle, N.Y., in the \$25,000 St. Petersburg Open.

LIKE HORATIO ALGER

He did it like Horatio Alger, with a touch of Arnold Palmer thrown in. Floyd shot a 1-under-par 67 in the first round, bounded to a 71 in the second, and came back Saturday with another 67. Then he added that 69 Sunday.

While Floyd was scrambling along under par, the 29-year-old Marr was losing the three-stroke edge with which he began the round. He appeared to be trying to play safe, and putt after putt stopped short. By the end of the front nine, he was already a stroke over par.

Mason Rudolph of Lehigh Acres, Fla., who went into the round with 208, fired a 4-under-par 68 with a third place total of 276. Tommy Bolt of Palm Desert, Calif., had a 70 to tie Rudolph.

ORIOLES KEEP GOING

Elsewhere on the spring training circuit—Baltimore kept its perfect record going in a 4-3 decision over the Los Angeles Dodgers at Miami; Washington had another homer spree, downing Minnesota 8-5 at Pompano Beach, Fla.; Cincinnati bombed the New York Yankees 6-3 at Tampa, Fla.; St. Louis clipped Kansas City 12-11 at Bradenton, Fla.; Boston beat San Francisco 9-6 at El Paso, Tex.; Pittsburgh clouted Milwaukee 7-1 at West Palm Beach, Fla.; the New York Mets edged the Chicago White Sox 2-1 at St. Petersburg, Fla., and Detroit whipped Philadelphia 9-3 at Lakeland, Fla. The Houston Colts and the Los Angeles Angels were rained out at Apache Junction, Ariz.

SAY SMALL BUSINESS TO BENEFIT MOST

By STERLING F. GREEN

WASHINGTON (AP) — Small-business men would be among the most favored beneficiaries of President Kennedy's tax program, a study indicated today. Their cuts would total about \$1.2 billion if the plan wins approval.

Small-business spokesmen were among the gentler critics of the tax proposals in House Ways and Means Committee hearings on the tax bill last week. But, in language exactly like that of the big-business witnesses, they:

1. Urged curtailed federal spending to offset the revenue loss; and

2. Opposed many of the tax reforms by which Kennedy hopes to cushion the loss—including even some changes which were designed expressly to help small firms.

The small-business witnesses, however, left the net impression that they want tax reduction only and would be pleased to take the Kennedy plan—with several reservations.

"We are well aware that probably the greatest benefit flowing from the proposed reduction in rates would accrue to the small business community," said John A. Gosnell, general counsel of the National Small Business Association.

Although the Treasury has said that the Kennedy tax package is stuffed with special bonbons for small businesses, the department never has added up the tax savings which would accrue to the several types of firms affected—sole proprietors, partnerships and small corporations.

Will Lose Title If She Enters Movies

ROME (AP)—Princess Soraya says she does not need to ask her ex-husband, the Shah of Iran, for permission to become a movie actress.

In Tehran, however, a government source said that if she goes through with it, she will lose her title.

Soraya signed a contract Thursday with Italian producer Dino de Laurenti, causing a sensation in this European movie capital.

CHANGES MIND ON TEST EFFECT

WASHINGTON (AP) — Dr. James Van Allen candidly concedes his scientific intuition isn't as unerring as feminine intuition is credited with being.

The discoverer of the Van Allen belt of natural radiation which surrounds the earth told newsmen Friday that he now believes the radiation from the U.S. high altitude nuclear test of July 9 will last for at least a decade and preclude several experiments.

Before the tests and also after them, as late as December—when government scientists were saying the nuclear test radiation was much stronger than had been expected and would last much longer—Van Allen persisted in his view that it would not last for more than a year.

At a news conference the State University of Iowa physicist was asked why the change.

"It amounts to difference between my intuitive expectations and the actual observations," was his reply.

PA. ACCIDENTS HIT NEW LOW FOR THIS YEAR

Seven persons died in various mishaps during the weekend—the lowest toll for a weekend so far this year.

Three died in traffic, three died in fires and a 16-year-old boy was accidentally shot to death.

The previous low for a weekend was eight accidental deaths, Jan. 18-19. High for the year was the weekend of Feb. 15-17 when 23 persons died.

OFFICER KILLED

The victims included:

Spangler—Mark Miller, 12, of Hastings R. D., killed Sunday by a car.

Kingston—Lt. Col. Ross P. Hanna, 45, commander of the Benton Air Force radar station, killed Saturday when his station wagon hit a tractor-trailer in Kingston.

Harleysville—Mrs. Emma Springer, 68, suffocated in a fire in her apartment in Harleysville Saturday.

CYCLIST VICTIM

Monessen—Mrs. Mame Slattery 80, and Nicholas Kusulus, 83, died in a fire in an apartment Saturday.

Edington—Gerald Barford, 16, of Trevose, accidentally shot to death Saturday while hunting crows in a wooded area in Edington.

Sellersville—Robert Anders, 17, of Philadelphia, killed Saturday by an auto while riding his bicycle on Route 564 near Sellersville.

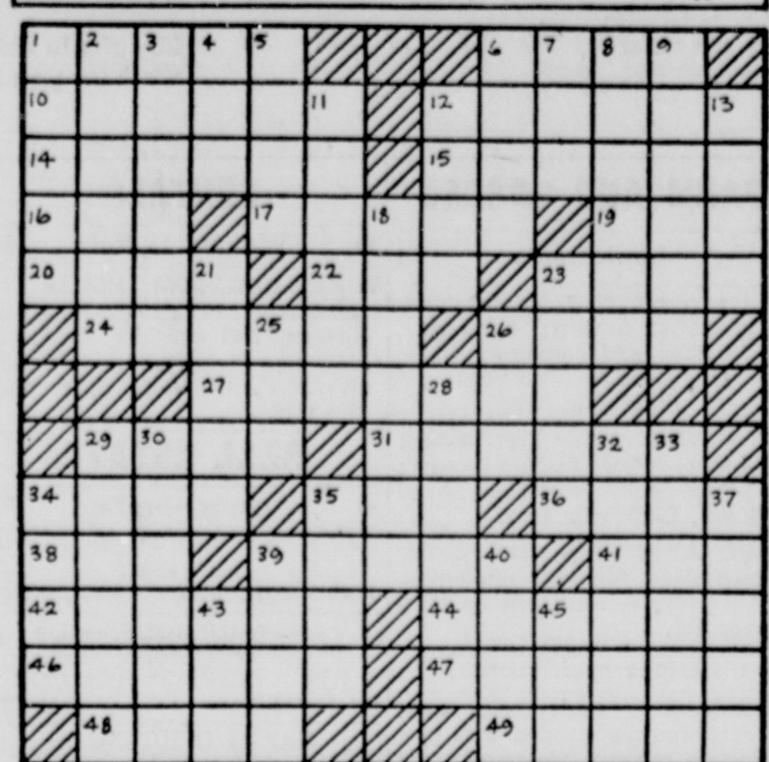

COAL PIPELINES UP

HOUSTON (AP)—Proposals to carry coal by pipeline, stalled so far by lack of power to seize land for rights of way, probably will come before Congress again this year.

The proposal was aired in Senate committee hearings last year, but Congress adjourned before action could be taken on the question of the right of eminent domain.

Flying Grandpa Is Getting Bored

REDWOOD CITY, Calif. (AP)—Max Conrad, a 60-year-old grandfather who was flown across the oceans 118 times in little planes, complains he's getting bored.

While preparing for a takeoff today for Australia in a two-engine plane, the Winona, Minn., ferrying pilot said:

"This is about the end of the line; I'm looking for something more exciting."

Conrad is flying a Piper Aztec to Honolulu, Canton Island and Fiji on his way to Brisbane to deliver it to Fred Margison.

Conrad took over for Mrs. Jean Miller, of Santa Monica, Calif., 36-year-old aviator who couldn't get clearance from Australian air ministry officials.

Murray, in answer to a similar past complaint, had Falstaff's vocal chords severed in a November operation.

The order to further mute the dog's cry—to a sort of plaintive gasp—came after Falstaff was coaxed into a courtroom demonstration.

Judge Thomas found the sound "beyond description."

HARD WAVES WRECK SHIP

OPORTO, Portugal (AP)—Furious Atlantic waves wrecked the 7,161-ton Liberian freighter Silver Valley Saturday after she ran aground off the mouth of the Douro River.

Police said the station wagon apparently skidded on a patch of ice on a level stretch of Route 309 and veered into the truck. The truck driver, who was not immediately identified, escaped unhurt.

Ross, a 21 year veteran of the Air Force, took command of the Benton station the past Dec. 12. A native of Oklahoma, he is survived by his widow and two children.

Police said the station wagon apparently skidded on a patch of ice on a level stretch of Route 309 and veered into the truck. The truck driver, who was not immediately identified, escaped unhurt.

The endorsement was given Friday under the so-called sitting judge principle. The Republican

organization already has approved the judges' candidacies.

A Lovelier You

By MARY SUE MILLER

SPRING REDUCING SERIES.
Few figure flaws are more unattractive than a protruding

abdomen. How it ages a mature woman and causes a teen to look baby-plump!

The reasons for it are overweight, poor posture and lack of exercise—singly or in combination. When the overall weight is excessive, a reducing diet becomes the obvious first step to a "cure."

But even if the weight is ideal, spot-reducing exercise and posture correction are necessary to the solution of paunchy problems. A well-tested spot-reducer follows:

Lie on back, with knees bent and soles of feet flat on floor. Very slowly lift buttocks, as far off floor as possible. At same time, pull in stomach—contract muscles hard. Still pulling in, gently lower hips to floor. Relax and repeat 10 times.

To improve posture, make an all-day routine of pulling in the abdominal muscles. This may be difficult in the beginning. But the action will soon become automatic, if you keep trying.

As a result, the abdominal muscles will grow strong and will then be able to gird up the reduced flesh so that it lies flat. Flat as a pancake!

MIDRIFT SLIMMERS

To solve the riddle of extra inches around your middle, send today for my leaflet, MIDRIFT SLIMMERS. It contains quick, easy reducing exercises for slimming diaphragm, waist and abdomen. Write Mary Sue Miller, Box

after running aground by sounding her siren. She carried no radio transmitter.

Hundreds ashore watched as the vessel began to list and then saw the rescue operations. Oporto's Port Authority said the vessel was a total loss.

Falstaff's owner, Allen B. Murray, 30, a Marin County insurance broker, was told by Judge Leonard A. Thomas to find a way to further mute the dog. Murray was placed on six months probation.

A neighbor of Murray, Mrs. Hilda Johnson, complained in court that she found Falstaff's falsetto howl both "horrendous and horrible."

Murray, in answer to a similar past complaint, had Falstaff's vocal chords severed in a November operation.

The order to further mute the dog's cry—to a sort of plaintive gasp—came after Falstaff was coaxed into a courtroom demonstration.

Judge Thomas found the sound "beyond description."
